

Sunday 9th	Monday 10th	Tuesday 11th	Wednesday 12th
	8:00 Registration		
	8:30 Anticipation and Preparedness task force: Marion Koopmans	8:30 Round table "One health: fact or fiction?" Ab Osterhaus, Jordi Figuerola and Ameia Nieto	8:45 RNA methylation modulates the infection of a plant RNA virus: Vicente Pallás
	9:00 Zika virus task force: Scott Weaver		9:15 Diagnostics and Epidemiology O-EP (7-11) Trending topics in virology O-TT (1-5) Morphogenesis and structural biology O-MO (1-5)
	9:30 HTLV-1 task force: Masao Mitsuoka		
	10:00 Use of arbovirus surveillance in vertebrate hosts and mosquitoes as an early warning system: Nuria Busquets		
	10:30 Coffee break	10:30 Coffee break	10:30 Coffee break
	11:00 Pathogenesis of liver fibrosis in HIV-HBV co-infection: Thomas A. Rasmussen	11:00 Antivirals, a lot has been achieved, yet a long way to go: Johan Neyts	11:00 Viral evolution and emerging viruses: Marco Vignuzzi
	11:30 Translatome analyses of arbovirus-cell interactions: Juana Diez	11:30 Confronting HIV, HBV and Emerging viruses with innovative therapeutics: Ray Schriber	12:00 Young virologist lecture (SEV award): Host-virus interactions: a journey from hepatitis C to hepatitis B virus infection: Urzi Garaigorta
	12:00 Senior virologist lecture (SEV award): The struggle of viruses for survival in an always hostile world: Juan Antonio Garcia	12:00 Developing of antivirals: the perspective of a medicinal chemist: María Jesús Pérez-Pérez	
	13:00 Lunch and Posters session	12:30 Antivirals and viral evolution: Esteban Domingo	13:00 Concluding remarks, closing ceremony and presentation of the following SEV congress
	14:30 Diagnostic virology and epidemiology O-EP (1-6) Anti-virals O-AV (1-6) GVN Sessions O-GVN (1-6)	13:00 Lunch and Posters session GVN Group picture GVN Center Director's closed meeting	
	16:00 Coffee break	14:30 Influenza viruses: Leo Poon	
	16:30 Flash talk presentations	15:00 MERS-coronavirus: Youngmee Jee	
17:00 Registration	17:00 Virus-host interaction O-VH (1-5) Emerging and re-emerging viruses O-EM (1-6) GVN Sessions O-GVN (7-12)	15:30 PRRSV: Enric Mateu	
17:30 Inaugural ceremony		16:00 Coffee break	
18:00 Opening lecture (Dr. Robert Gallo)		16:30 Flash talk presentations	
19:00 Robert C. Gallo Award Presentation Welcome Reception		17:00 Virus-host interaction O-VH (20-25) Emerging and re-emerging viruses O-EM (7-12) GVN Sessions O-GVN (13-18)	
		18:30 General Assembly of SEV	
		20:30 Gala dinner
